Education

2025 - Present	MPhil in Cognitive Neurosciences MRC Cognition and Brain Sciences Unit University of Cambridge, UK
2021 - 2025	B.Sc. in Computer Science (GPA: 3.94/4.00) Lehigh University, USA

Research Experience

2025 - Present	Brain, Language and Bilingualism Lab, University of Cambridge Supervisor: Dr. Mirjana Bozic, Department of Psychology	code ✉
----------------	---	------------------------

EEG study of linguistic feature encoding and selective attention in bilinguals.

- Performed pre-processing of speech stimuli using **Montreal Forced Aligner** and **Praat**
- Extracted phonological features (i.e. surprisal, entropy, phonotactic probability) from CELEX and Lexique corpora using Python
- Extracted lexical features (i.e. surprisal, entropy, syntactic depth & dependency counts) from LLMs (GPT-2, BLOOM), spaCy and Stanza using Python
- Fit forward multivariate temporal response functions (mTRF) using the **mTRF toolbox** in MATLAB
- Analyzed and visualized results using R, MATLAB, and Python

2023 - 2025	Neural Engineering Lab, Lehigh University Supervisor: Dr. Yevgeny Berdichevsky	code ✉
-------------	--	------------------------

2-photon calcium imaging study of temporal information encoding in mouse visual cortex.

2023 - 2025	Brain Imaging and Computation Lab, Lehigh University Supervisor: Dr. Yu Zhang	code ✉
-------------	---	------------------------

Longitudinal fMRI modelling study of Alzheimer's disease progression.

2023

Institute of Production Systems, TU Dortmund
Supervisor: Nikolai West

[code](#) 

Supervised anomaly detection in automated production systems.

Publications

Stojanović, N., Theron-Grimaldi, S. and Bozic, M. (*in preparation*) Frequency of Second-Language Usage Modulates Cortical Tracking of Linguistic Features Under Selective Attention.

Ferdous, Z. I., Omid, S., **Stojanović, N.**, & Berdichevsky, Y. (2025). Temporal information encoding in isolated cortical networks. *Cerebral Cortex*, 35(8). <https://doi.org/10.1093/cercor/bhaf235>

Conferences

2022 IEEE Global Humanitarian Technology Conference, Santa Clara, CA, USA. [Oral presentation]

Awards

2025	Scholarship for Excellence in Higher Education Ministry of Education, Science and Innovation, Montenegro
2025	Presidential Scholarship for Excellence Office of the President of Montenegro
2024	Rhodes Scholarship Nominee, Lehigh University
2024	Global Social Impact Fellow, Lehigh University
2024	Martindale Student Associate, Lehigh University
2023	Ruhr Fellowship University Alliance Ruhr, Germany
2021 - 2025	Dean's List, Lehigh University
2021	Best Scholar, Bootham School, UK
2019	Full Student Scholarship HMC Projects, Montenegro

Teaching Experience

2022 - 2025 Head Teaching Assistant for Introduction to Robotics (ENGR010)

2024 - 2025 Grader for Introduction to Data Science (CSE160)

2022 - 2023 Grader for Introduction to Programming (CSE007)

Engineering Experience

2025 **Pegasus: Digital Pegboard for Motor and Cognitive Rehabilitation**

[code](#) 

Advisor: Dr. Vinod Namboodiri, College of Health, Lehigh University

- Designed and built a sensor-integrated rehabilitation tool targeting hand dexterity and cognitive function in neurological populations (Parkinson's disease, TBI, stroke)

2024 **TrackTB: Tuberculosis Treatment Adherence Monitoring**

Advisor: Dr. Khanjan Mehta, Office of Creative Inquiry, Lehigh University

- Developed a clinical monitoring platform for longitudinal tracking of treatment adherence and adverse drug reactions
- Conducted beta testing in tuberculosis clinics in the Philippines to gather clinician and patient feedback on usability

Skills

Programming: Python, MATLAB, R

Neuroimaging: eeglab, mTRF toolbox, nilearn, AllenSDK

Linguistics & NLP: Montreal Forced Aligner, Praat, PanPhon, spaCy, Stanza, LLMs

Languages: English (C2), French (B2), Serbian (Native)
